Concession Stand Worker - Deposit

We are collecting \$50 upfront as a deposit on our Parents working a concession shift during the League season. We will refund the deposit (shred the check) if you work your shift during the League season (you may switch with others as long as you work one shift). We will only accept checks as the form of payment (no cash or money orders).

Buy-out option: If you prefer not to work a concession shift, let us know and we will accept your \$50 as payment to hiring someone to work your shift.

NOTE: We will not cash the Concession Worker check until after the season if you do not work a shift. We will notify you if our records show that you did not work a Concessions shift during the League season. We will shred the rest of the checks after the season.
